All persons and/or entities contracted to perform any work on city property shall post an acceptable surety or performance bond in the sum of \$25,000, or such other amount as determined and required by the City Engineer, prior to the commencement of the work. Further, said persons and/or entities shall provide to the city a bond or other insurance to indemnify, save and hold the city harmless for any and all liabilities, of any type and nature, resulting from any act of the persons and/or entity performed on city property.

15.08.080 DEVELOPER AND SUBDIVIDER FEE DEPOSIT.

- (A) Before a subdivider or developer may appear before the Plan Commission to present his or her proposed subdivision or planned unit development (P.U.D.), that person or corporate entity shall pay to the City Clerk a fee deposit of \$5,000. Said deposit shall be held in escrow by the Treasurer to secure payment by the developer of all code authorized inspection fees (whether the inspection is performed by the Building Commissioner, Plumbing Inspector, Electrical Inspector, or the City Engineer or his designate), as well as the professional services charge of the City Engineer or, where applicable, the City Attorney, for any work done in connection with the supervision and inspection of any aspect of the subdivider's or developer's construction progress. The Treasurer shall deposit the funds in an interest bearing savings account in the city's name. Where the developer or subdivider can not show the Plan Commission proof of payment of the deposit, the Plan Commission shall table the hearing on the developer's project until such time as the deposit is paid.
- (B) Said deposit shall not discharge the developer or subdivider of the requirement to pay all building permit, inspection, professional and miscellaneous fees required under this code as they fall due, and payment of part of those fees during the construction process shall not obligate the city to refund any part of the deposit. When the project is completed and

all inspections have been successfully passed and paid for and all professional fees reimbursed, the Treasurer shall refund to the developer the deposit, including any accrued interest thereon. Provided, however, that if the subdivider or developer fails or refuses, upon timely notice served upon him by regular mail by the City Treasurer, to remit the fees required under the city's codes (including subdivision regulations and the Zoning Ordinance), the Treasurer shall, upon expiration of 45 days from the date of mailing, notify the Building Inspector. The Inspector shall suspend any building permits of the developer, his contractors or subcontractors, and stop work on the project until such time as the delinquent fees are paid along with any interest or late charges. If the Building Inspector or his designee reports to the City Treasurer that the developer has abandoned the project, the Treasurer may pay all such delinquent fees out of the \$5,000 deposit. Whenever part or all of a deposit is applied to an existing subdivider's or developer's unpaid balance, the Treasurer shall forthwith notify the subdivider or developer of the action taken, by certified mail, sent to his last known address.

- (C) A subdivider or developer may, in case of hardship, petition the City Council for full or partial relief from the deposit requirement, which the Council may grant on good cause shown.

15.08.100 FEES FOR EXTENSIONS OF BUILDING PERMITS.

At any time prior to the expiration of the one year time period applicable to a building permit, a permit holder may make an application the city building department for an extension of the permit. However, in no case shall a building permit be extended for more than one year past its original expiration date. Where an extension is granted, the Building Commissioner or their designee shall require that all construction be completed no later than expiration of the extended time period. The Building Commissioner shall have authority to grant a grace period beyond the expiration of the time period where a developer or contractor, in the sole opinion of the Building Commissioner, has exercised good faith in attempt to complete construction within the one-year time period.

- (A) Where the permit holder applies for an extension before expiration of the original time period, an additional pro-rated fee shall be charged in the amount of 1/12 of the building permit fee for each month that the permit is

extended. The proration shall be assessed in accordance with the fee structure that is current as of the date the extension is granted, and not the date when the original building permit was issued. If the permit holder does not complete construction with the extended time period, a new permit must be secured by making a new application and submitting to the standard permitting process as established by this Code.

(B) Where the original building permit has already expired, the same requirements concerning monthly proration of the current permit fee as is found in Section (A) shall apply if the extension is requested within the first six months after expiration of the original permit. If the extension is not requested within six months of the original expiration date, the extension fee shall be 100% of the then current building permit fee for the construction involved. In no event shall an extension of the original building permit last longer than one year from the original expiration date. If the permit holder cannot complete construction within the two years from issuance of the original permit, a new permit must be secured by making a new application and submitting to the standard permitting process as established by this Code.

(C) Where a builder or developer has obtained a building permit to erect a model home, in addition to the requirements of divisions (A) and (B) above, on each anniversary date of the original time period and on each anniversary date thereafter, the Building Department shall assess an additional fee of \$100 for the following year. Said fee shall be assessed each year until a certificate of occupancy is issued.

SECTION 3: In the event that any provision or provisions, portion or portions, or clause or clauses of this Ordinance shall be declared to be invalid or unenforceable by a Court of competent jurisdiction, such adjudication shall in no way affect or impair the validity or enforceability of any of the remaining provisions, portions, or clauses of this Ordinance that may be given effect without such invalid or unenforceable provision or provisions, portion or portions, or clause or clauses.

SECTION 4: That all ordinances, resolutions, motions, or parts thereof, conflicting with any of the provisions of this Ordinance, are hereby repealed to the extent of the conflict.

SECTION 5: That the City Clerk is hereby directed to publish this Ordinance in pamphlet form.

SECTION 6: That this Ordinance shall be effective beginning September 1, 2022 but shall be published in pamphlet form immediately following its passage and approval as provided by law.
