Garbage receptacles, including garbage cans, bags or boxes, or other containers may not be set out earlier than 4:00 p.m. the night before the garbage is to be picked up by the collector, and all such receptacles must be retrieved by the resident not later than 8:00 p.m. on the day of collection.

(C) Only nonporous closable bags or covered cans, boxes or other rigid, durable, covered containers may be used to deposit the garbage for pickup by the collector. All containers must be readily capable of closing to prevent accidental spillage of garbage or exposure of garbage to the elements.

(D) Where a resident, business or industry must dispose of loose items, such as sticks, or tree branches, that cannot be readily deposited in cans, bags or containers, such loose items may be tied together in bundles not more than four feet long, so long as the bundles can readily be lifted by one person for deposit into a garbage truck.

§ 7.12.050 LOCATION AND CONCEALMENT OF GARBAGE CONTAINERS.

(A) *Single-family residences.* No outdoor garbage containers (including garbage, recycling and yard waste containers) shall be permanently stored at any location on the property of a single-family dwelling that is clearly visible from the street abutting the front lot line of the dwelling. In cases of a corner lot, the street to which the address is assigned shall be considered the front lot line. Garbage containers shall be placed either behind the residence, or if the residence includes an enclosed garage, within the garage. Alternatively, garbage containers may be stored on the side of a permanent structure (i.e. dwelling or garage) provided the garbage containers are screened from view by an enclosure set a minimum of six feet behind the front of the adjacent permanent structure and at least equal in height to the tallest container.

(B) *Duplexes.* No outdoor garbage containers (including garbage, recycling and yard waste containers) shall be permanently stored at any location on the property of a duplex that is clearly visible from the street abutting the front lot line of the dwelling. In the case of a corner lot, the lot line directly opposite the two front entrances shall be considered the front lot line if the two entrances face the same street. If each front entrance faces a different street, the shorter lot line separating such lot from a street shall be considered the front lot line. Garbage containers shall be placed either behind the residence, or if the residence includes an enclosed garage, within the garage. Alternatively, garbage containers may be stored on the side of a permanent structure (i.e. dwelling or garage) provided the garbage containers are screened from view by an enclosure set a minimum of six feet behind the front of the adjacent permanent structure and at least equal in height to the tallest container.

(C) *Multi-family dwelling structures.* Where each unit of a multi-family dwelling structure is required to have its own outdoor garbage containers (including garbage, recycling and yard waste containers), said containers shall not be located on any side of the structure that directly faces a public street unless they are screened from view by an enclosure set a minimum of six feet behind the front of the adjacent permanent structure (i.e. dwelling or garage) and at least equal in height to the tallest container. Otherwise, said containers must be located to the rear of the structure. Where the structure is on a corner lot, the street to which the address is assigned shall be considered the front lot line. Where at least three

sides of the structure face a street, the location of garbage containers shall comply with the provisions of division (D) of this section.

(D) *Manufacturing, commercial and certain multi-family structures.* For all manufacturing and commercial structures, as well as for all multi-family structures where outdoor garbage containers are designated for more than one dwelling unit (i.e. communal and/or private containers), the garbage cans, dumpsters, or other containers shall be enclosed on three sides (or four sides if visible from the highway) by a solid fence or wall not less than six feet in height. Provided that the fence or wall must be at least as high as the dumpster if the dumpster exceeds six feet in height. If the dumpster is less than six feet in height, the height of the fence or wall may be reduced to the height of the dumpster or other container. The fence or wall shall be constructed of permanent masonry, all wood, galvanized metal with vinyl slats, or plastic construction anchored in concrete of sufficient depth to prevent dislocation or heaving by frost, and of a design or style that is aesthetically consistent with or complimentary to the main structure. There shall be no covering or roof over the enclosure.

(E) *Impossibility of performance.* If it is impossible to locate communal containers such as dumpsters in areas allowed under this section (where, for instance, a garbage truck would not be able to off-load a dumpster at the rear of the structure), then the owner or occupier shall employ garbage cans or other containers that may be dumped by hand. If the owner or occupier requires relief from the operation of this section, appeal may be had to the City Council, which will conduct a hearing to determine if relief should be afforded from operation of this section. The City Council may take testimony from the owner, residents, the Director of Public Works or his/her designee, the Code Enforcement Officer, or any other public officials who might have information relevant to the making of a decision. Hearing shall be had after notice is published in a newspaper of general circulation in the County of Will at least seven days in advance of the hearing date. After such a hearing, the Council shall issue written findings as to whether it is impossible for the owner or occupier to comply with the code section, and shall state in writing what relief shall be granted to the owner or occupier.

(Ord. 1338, passed 1-18-05; Am. Ord. 1343, passed 2-2-05; Am. Ord. 1637, passed 8-5-13; Am. Ord. 1691, passed 6-15-15)

§ 7.12.060 PENALTIES.

In addition to the fine of up to \$750 provided for in § 1.12.010, the following penalty provisions shall apply to this chapter:

(A) For single-family residences or duplexes, and multi-family residences where each dwelling unit has both its own outdoor garbage container and its own separate city water and sewer service reflected by a separate city bill, where a violation occurs for four consecutive days after notice has been given in writing by the Director of Public Works or his/her designee or the Code Enforcement Officer to the owner or occupier of the residence or residences, the Director of Public Works or his/her designee or Code Enforcement Officer may impose an administrative penalty of \$100 upon the owner or occupier. If, within seven days after imposition of the penalty, the offender either has not paid the \$100 penalty or has failed to bring the garbage container location into compliance with this code, the Director of Public Works or his/her designee and the Code Enforcement Officer shall notify the City Water Department, which shall forthwith shut off the offender's water supply until such time as the offender brings into compliance with this code the garbage container location. Provided, however, that the city shall comply with the notice provisions contained in § 13.24.140 of this code before shut off is performed. Once the occupant has removed the garbage containers to a location that complies with this code, the water service will be restored by the City Water Department upon compliance by the occupant with the provisions for fees and penalties under § 13.24.140 of this code.

(B) For manufacturing and commercial structures, and for multi-family structures where outdoor garbage containers are designated for more than one dwelling unit (i.e. communal and/or private containers), where a violation occurs for four consecutive days after notice has been given in writing by the Director of Public Works or his/her designee or the Code Enforcement Officer to the owner or occupier of the residence or residences, the Director of Public Works or his/her designee or Code Enforcement Officer may impose an administrative penalty of \$100 upon the owner or occupier. If, within seven days after imposition of the penalty, the offender has either not paid the \$100 penalty or has failed to bring the garbage container location into compliance with this code, the Director of Public Works or his/her designee and Code Enforcement Officer shall notify the City Water Department, which shall forthwith shut off the offender's water supply until such time as the offender brings into compliance with the requirements of § 7.12.040(D). Provided, however, that the city shall comply with the notice provisions contained in § 13.24.140 of this code with respect to all users before shut off is performed. Once the garbage containers have been enclosed properly under § 7.12.040(D), the water service will be restored by the City Water Department upon payment of the fees and penalties under § 13.24.140 of this code. Where individual tenants have individual water services, each tenant will be required to pay the fees and penalties. The owner or manager of the structure may avoid shut off of the individual water services by posting a surety bond or letter of credit with the Water Department in the amount of \$25,000 to secure the obligation of the owner or manager to install a proper enclosure within no later than one year from the date that notice was originally served by the city. If the enclosure or enclosures are not erected by the end of said one year period of time, the city shall have the right to forfeit the bond or letter of credit to secure funds to install the enclosures.

(C) The Director of Public Works or his/her designee and the Code Enforcement Officer shall each have authority to declare violations of the provisions of this chapter to notify the City Water Department of any violations, and to secure from the Police Department criminal complaints for local ordinance violation prosecution, or for administrative citations, as the case may be.

(D) If an owner or occupier of a manufacturing, commercial or multi-family structure must build or install a fence or wall under § 7.12.050(D), a building permit must be obtained from the Director of Public Works or his/her designee for purposes of inspection only. No fee shall be charged for acquisition of the building permit.

SUMMARY ABATEMENT. Abatement of the nuisance by the city, or a contractor employed by the city, by removal, repair, or other acts without notice to the owner, agent, or occupant of the property except for the notice required by this chapter.

(Ord. 1033, passed 7-21-97)

§ 7.16.020 SUMMARY ABATEMENT.

(A) Whenever a complaint is made to any city official of the existence of a public nuisance, as defined in § 7.16.010, the Director of Public Works or his/her designee shall properly inspect the property that is the subject of the complaint. Should a public nuisance be found to exist and that the public health, welfare or safety may be in immediate danger, then summary abatement procedures shall be implemented and the city may cause the nuisance to be removed or abated.

(B) Where summary abatement is authorized, notice to the owner, agent or occupant of the property is not required. Following summary abatement, the city shall post on the property liable for the abatement a notice describing the action taken to abate the nuisance.

(Ord. 1033, passed 7-21-97; Am. Ord. 1637, passed 8-5-13)

§ 7.16.030 ABATEMENT IN NON-EMERGENCY CASES.

(A) If, after inspecting the property on which the nuisance is reported, the Director of Public Works or his/her designee declares the existence of a public nuisance, but the nature thereof is not such as to require the summary abatement of such nuisance, then, regular abatement procedures shall be followed. Photographs and reports of the findings and inspections shall be made and kept.

(B) The City Attorney shall determine the individual, firm or corporation who, from the records in the Recorder's office, appears to be the owner of the aforesaid property and cause a written notice to be served on such individual, firm or corporation by personal service or by leaving a copy of the notice at the usual place of residence or business of such owner, or address of such owner shown in the Recorder's records, or by copy mailed to such owner at such place and address by United States certified mail return receipt. If service of such written notice is unable to be perfected by any of the methods described above, the City Attorney shall cause a copy of the aforesaid notice to be published in a newspaper of general circulation in the city, once a week for two consecutive weeks, and shall further cause a copy of the aforesaid notice to be left with the individual, if any, in possession of such property on which it is alleged such public nuisance exists, or if there is no individual in possession thereof, the City Attorney shall cause a copy of the notice to be posted at such structure, location or premises. The City Attorney shall also determine from the Recorder's office who the lienholder of the property, if any, as documented therein, is and cause a written notice to be served on such lienholder by United States mail return receipt.

(C) The aforesaid notice to the owner, and lienholder, if any, of the property shall state clearly and concisely the findings of the Director of Public Works or his/her designee with respect to the existence of a public nuisance. The notice shall further state that unless the owner thereof shall cause the abatement of the public nuisance, pursuant to the orders contained in the Director of Public Works or his/her designee's notice, the public nuisance shall be abated by the city at the expense of the owner.

(D) Any person who is the owner of the premises, location or structure at the time an order pursuant to this chapter is issued and served upon him, shall be responsible for complying with that order, and liable for any costs incurred by the city therewith, notwithstanding the fact that he conveys his interests in the property to another after such order was issued and served.

(E) It shall not be a defense to the determination that a public nuisance exists that the property is boarded up or otherwise enclosed.

(Ord. 1033, passed 7-21-97; Am. Ord. 1637, passed 8-5-13)

§ 7.16.040 ABATEMENT BY OWNER.

(A) Within 30 days after the posting and mailing of a notice to abate a nuisance, the owner, agent of the owner, or individual in possession of the affected property shall remove and abate such nuisance or show that no nuisance in fact exists. Such showing shall be made by filing a written statement that no nuisance exists. The statement shall be filed with the Director of Public Works or his/her designee.

(B) The Director of Public Works or his/her designee, upon written application by the owner within the 30 day period after the notice has been served, may grant additional time for the owner to effect the abatement of the public nuisance, provided that such extension is limited to a specific time period.

(Ord. 1033, passed 7-21-97; Am. Ord. 1637, passed 8-5-13)

§ 7.16.050 APPEAL PROCEDURES; HEARING.

(A) The owner or occupant of the property who has been served with a notice pursuant to this chapter that a public nuisance exists and that it must be abated within 30 days, may, within seven calendar days after receipt of such notice, make a written demand to the City Clerk for a hearing on the question of whether a public nuisance in fact exists. The hearing shall be held within seven calendar days following receipt by the City Clerk of the written demand and at least two days' notice of the hearing shall be given to the individual who made the written demand for the hearing.

(B) The hearing shall be conducted by the Nuisance Appeals Board. Such Board may amend or modify the notice and/or order, or extend the time for compliance with the City Clerk's order by the owner by such date as the majority of the Board may determine. The Nuisance Appeal Board shall consist of the Mayor, an Alderman and a member of the Plan Commission. The City Attorney shall be legal counsel to the Appeal Board.

(C) The owner, agent of the owner, occupant and lienholder, if any, of the subject property shall be given the opportunity to present evidence to the Board in the course of the hearing.

(D) In those instances where the nuisance has been abated by the city, the Board shall have discretion to waive the cost of abating a nuisance, in whole or in part, if, in the course of the hearing reviewing the decision, the Board finds that any of the following did not conform to the provisions of this chapter:

- (1) The notice to remove the nuisance;
- (2) The work performed in abating the nuisance; or
- (3) The computation of charges.

(Ord. 1033, passed 7-21-97)

§ 7.16.060 ABATEMENT BY CITY.

(A) Should any public nuisance not be abated at the expiration of time stated in the notice/order or within such additional time as the Director of Public Works or his/her designee may grant, the city shall have the authority to enter upon the property and abate the public nuisance found thereon. In abating such nuisance, the city may go to whatever extent may be necessary to complete the abatement of the public nuisance and should it be practicable to salvage any material derived in the aforesaid abatement, the city may sell the salvaged material at private or public sale at the best price obtainable and shall keep an accounting of the proceeds thereof.

(B) The proceeds, if any, obtained from the sale of any material salvaged as a result of an abatement of a public nuisance by the city shall be deposited to the General Fund of the city and any deficit between the amount so received and the cost of the abatement may be levied as an assessment against the property in question by the City Council and collected as any other assessment by the city; however, any other alternative collection method may be utilized by the city to recoup any deficiency. Should the proceeds of the sale of such salvaged material exceed the cost of abatement, the surplus, if any, shall be paid to the owner of the property from which the public nuisance was abated when a proper claim to the excess is established. If no such claim is established, then excess shall remain in the General Fund for use by the city.

(C) In abating a public nuisance, the Director of Public Works or his/her designee may call upon any of the city departments or divisions for whatever assistance shall be deemed necessary or may by private contract cause the abatement of the public nuisance.

(D) The Director of Public Works or his/her designee shall, after completing the removal and abatement, file a statement of costs with the City Clerk.
(Ord. 1033, passed 7-21-97; Am. Ord. 1637, passed 8-5-13)

§ 7.16.070 NOTICE OF ASSESSMENT; APPEAL OF CHARGES.

(A) Upon receipt of the statement of costs from the City Clerk, the City Attorney shall mail to the owner of the property upon which the public nuisance has been abated a notice of the amounts set forth in the statement plus an additional amount sufficient to defray the costs of the notice and stating that the city proposes to file a lien against the property the amount set forth in the notice and that objections to

the proposed assessment must be made in writing and received by the City Clerk within 20 days from the date of mailing such notice. Upon the expiration of the 20 day period, if no objections have been received by the City Clerk, the City Attorney shall prepare and record a lien against the property.

(B) If objections of either the property owner or their representative are received by the City Clerk prior to the expiration of the 20 day period, the City Clerk shall refer the matter to the Director of Public Works or his/her designee for administrative review.

(C) Upon conclusion of administrative review, the Director of Public Works or his/her designee shall make a written determination that the amount of the charges shall be canceled, reduced, or remain in same. A copy of this determination shall be furnished to the person making the objections together with a notice of such person's right to appeal to the Nuisance Appeals Board.

(D) If no appeal of determination by the Director of Public Works or his/her designee is filed within the time period allowed, a copy of the determination will be furnished to the City Attorney who shall then record a lien in the amount determined by the Director of Public Works or his/her designee as provided in division (A).

(E) If a timely appeal is received by the Appeals Board, a hearing shall be scheduled and held on the matter. If, after the hearing, the Appeals Board determines that the proposed assessment does not comply with division (G) herein, the Appeals Board shall so certify to the City Attorney and the proposed assessment shall be canceled. If, after the hearing, it is determined that the proposed assessment or any part of it is proper and authorized, the Appeals Board shall so certify to the City Attorney who shall record a lien in such amount as determined appropriate by the Appeals Board as provided in division (A).

(F) The determination of the Appeals Board is a final administrative decision and is not appealable to the City Council.

(G) (1) The Director of Public Works or his/her designee, in administrative review, or the Appeals Board, on appeal, may reduce or cancel a proposed assessment if it is determined that:

(a) Any of the following did not conform to the provisions of this chapter:

1. The notice to remove the nuisance; or
2. The work performed in abating the nuisance; or
3. The computation of charges; or

(b) The owner of the property was eligible for a waiver of costs under § 7.16.090.

(2) The Director of Public Works or his/her designee, in administrative review, or the Appeals Board on appeal, may reduce a proposed assessment by eliminating the civil penalty portion thereof if it is determined that:

(a) The current owner was not in possession of the property at the time the notice required in § 7.16.030 was posted; or

(b) The owner did not receive the notice to remove the nuisance, did not have knowledge of the nuisance and could not, with the exercise of reasonable diligence, have had such knowledge.

(H) If, after a lien has been recorded, there is a written request of an owner who alleges that the owner did not receive notice of the proposed assessment, the City Clerk shall refer to the matter for review pursuant to division (B).

(I) The lien may be canceled or reduced in administrative review, or by the Appeals Board, on appeal, if it is determined that the owner did not receive notice of the proposed assessment, did not previously have knowledge of the lien or of the nuisance abatement work constituting the basis of the lien, could not, in the exercise of reasonable care or diligence, have had such knowledge, and in addition, that the circumstances are such that a reduction or cancellation of the charges would have been appropriate had the matter been reviewed pursuant to this section prior to assessment. Upon receipt of a certification from the Appeals Board, pursuant to division (G), the city shall cancel or reduce the lien if required. (Ord. 1033, passed 7-21-97; Am. Ord. 1637, passed 8-5-13)

§ 7.16.080 PERSONAL LIABILITY OF OWNER.

The person who is the owner of the property at the time at which the notice required under § 7.16.030 of this chapter is posted shall be personally liable for the amount of the assessment including all interest, civil penalties, and other charges. (Ord. 1033, passed 7-21-97)

§ 7.16.090 COSTS OF ABATEMENT; LOW INCOME, ELDERLY PERSONS.

(A) Notwithstanding the other provisions of this chapter, the cost of abating a nuisance shall be waived for low income and elderly persons, if upon application it appears to the City Council that the conditions set forth in division (B) are met.

(B) To be eligible for waiver of nuisance abatement costs a person must be classified as "low income" as defined as follows:

(1) Be more than 65 years of age and;

(2) Must own, or be in the process of purchasing the property from which the nuisance is abated;
and

(3) Be living on the property from which the nuisance is abated.

(D) The removal of the nuisance in question must have been required by city and the person requesting the waiver of costs must have been officially notified by the city to remove the nuisance.

(E) Applications for waiver of nuisance abatement costs shall be filed with the City Clerk, on forms supplied by the city, within ten days after receipt of a notice to remove a nuisance or a work order notice unless the Director of Public Works or his/her designee extends the time for good cause shown. All information required to be given on such form shall be supplied and verified by the applicant.

(F) The maximum amount that may be waived under this section for any one parcel of real property or any one person shall be \$500 per calendar year.

(G) No overhead charge or civil penalty shall be imposed for any real property for which a waiver, pursuant to this section, shall have been approved.

(Ord. 1033, passed 7-21-97; Am. Ord. 1637, passed 8-5-13)

§ 7.16.100 OVERHEAD CHARGE, CIVIL PENALTIES.

(A) Whenever a nuisance is abated by the city, the City Clerk shall keep an accurate account of all expenses incurred, including an overhead charge of 25% for administration and a civil penalty of \$300 for each nuisance abated.

(B) When the city has abated a nuisance maintained by any owner of real property, for each subsequent nuisance that is abated by the city within two consecutive calendar years concerning real property, owned by the same person, an additional civil penalty of 50%, with a minimum charge of \$50, of the costs of abatement shall be added to the costs, charges and civil penalties provided for in division (A). The civil penalty shall be imposed without regard to whether the nuisances abated by the city involve the same real property or are of the same character.

§ 7.44.010 IMPOSITION OF SPECIAL ASSESSMENTS.

Whenever a real property owner is in violation of any section of this Title 7, or is in violation of any other section of this municipal code dealing with the public health and safety, the City Treasurer or his authorized employee designate may impose upon the property owner a special assessment covering the city's cost for abating any nuisance, cutting grass and weeds, removing garbage and debris, removing inoperable motor vehicles, eliminating rodents, or correcting any harmful physical condition on real property that may adversely impact the health and safety of the general public, or private real or personal property of adjoining owners. Before the assessments may be imposed, the following steps shall be taken by the Director of Public Works or his/her designee, the Code Enforcement Officer, or their employee designate:

The owner will be advised in writing of the manner in which the condition is in noncompliance with the municipal code and a specific date will be assigned by which the owner must abate the condition to the satisfaction of the Director of Public Works or his/her designee or the Code Enforcement Officer

(B) Upon expiration of the above assigned date, the property will be reinspected by the Director of Public Works or his/her designee or the Code Enforcement Officer. If the condition has not been abated, the inspector shall issue a written certificate of noncompliance, and may take whatever steps are necessary to abate the condition, upon instruction from the City Council. He shall keep a complete record of all expenditures required to abate it.

(C) The certificate of noncompliance and the record of expenditures shall be transmitted to the City Treasurer or his employee designate, who shall prepare and file a lien for the cost of the expenditures as a special assessment with the Will County Recorder of Deeds, setting out in the lien the legal description and the property tax index number of the property. Notice of filing of the lien shall be served upon the property owner by certified mail at the address where the county tax bill is sent.

(D) The City Clerk shall keep a record of all liens filed with the County Recorder under this chapter, including the address of the property, the property tax index number, the Recorder's document number of the lien and the owner's name and address where the county tax bill is sent.
